

Week 13

PAGE NO.

DATE

- Web Globe partially completed
- Ini Read/Write class completed
- Refactored for the demo.

- Web Globe has been partially completed. The source code was readily available but not according to our project. Modifying the source code for better representation. Since we need to connect the classifier result to the Web Globe but still need to configure how to connect both of them.

- The INI read/write file is completed. This helps in connecting to the API.
